Your Assessment Responsibilities & Final Deadline for CY23 (1/31)

<u>What Is Expected of You</u>: **All PCC faculty and instructors** (full-time and part-time) are expected to complete **at least one assessment** in at least one class **each semester that you teach**. You will pick a skill that you want to assess, score your students on a corresponding rubric, and enter those scores into our assessment software, eLumen. Here are some examples of our six college-wide assessment rubrics that are available for anyone to use!

<u>When Your Assessments are Due</u>: Assessment scores must be submitted into eLumen **by the grading deadline** each semester. However, we've extended the final deadline for *all calendar year 2023 assessments* (spring, summer, and fall) to **January 31**. Make sure to complete any past-due assessments for 2023 by the end of the month, and refer to the resources below if you need any help!

Pueblo Community College
2023 Assessment Champions

We are very excited to celebrate over 40 faculty and instructors for their incredible contributions to assessment over the past six years! Each of these individuals will be recognized by name at our first annual Assessment Awards Ceremony, which will be held virtually on Tuesday, 1/30 at 3:30PM. Be sure to join us and congratulate our Assessment Champions and Superstars!

eLumen's New "Inbox" View

You may have noticed a new landing page when you log into eLumen, which now takes you to the "Inbox" view—if there is nothing listed under your "To Do" section, don't panic! It just means that no rubrics have been linked to your classes yet. ☺

When in doubt, go back to your "home base" by clicking on the "Courses" icon at the top left (pictured right). From there, locate the class you wish to assess and click the "Find Assessment" button to open the library of all rubrics available for you to use.
