Assessment Showcase—Share Your Amazing Work!

We are still seeking submissions for the upcoming Assessment Showcase! Our goal is to have at least one poster from **each department**, so please consider sharing any projects we could highlight—*anything related to assessment or improving student learning qualifies!* Plus, you get to keep your poster after the event! For more information and inspiration, check out last year's posters [here](#). Use this simple [Showcase Poster Submission Form](#) to share your ideas (submission deadline: 12/1); note that what you submit here does not need to be final! It's just a way to get some initial ideas down, and then we will work with you to flesh it out and finalize the content for your very own poster.

What Are You Assessing this Semester?

Don't forget that *all faculty and instructors* are expected to complete **at least one assessment** in at least one class *each semester*—more are encouraged!

What does that entail? Pick at least **one rubric**—such as one of our [College-wide Rubrics](#), or one developed specifically for your department or course—and also **one assignment or project** in at least **one of your classes** that allows your students to demonstrate the skills it describes. Then, score your students' performance according to the rubric and enter the scores into eLumen.

Not sure how to use eLumen? Refer to the [eLumen Quick Guide](#) for faculty, or contact anyone from our Assessment Leadership team to set up a walkthrough! And don't forget, assessment scores are due by the grading deadline, which is **MONDAY, DECEMBER 16!**
